Nurturing Minds

Processed –Based Art and Early Childhood Development

How to create art programs that
support early childhood development.

- Fine Motor Skills
- Cognitive Development
- Math Skills
- Language Skills

Benefits of Art in Early Childhood Development

Alexander Calder

Claude Monet

Pablo Picasso

- Learn to Let Go
- Support, Don't Lead
- Provide Choices
- Keep Things Open-Ended

It's About
the Process,
Not the
Product

- Introduce the kids to the concept, material, or art technique
- Have them describe common themes or elements that they see
- Explain what they'll be creating that day
- Provide materials
- Offer feedback and support as needed
- Take a picture of the artist and their artwork (if they want)

Format of an 'Art @ The Library' Program

Where to start?

Program Ideas...

Sculpture

Collage

Comic Illustration

Puppetry

Painting

Printmaking

Celebrate Your Artists
