★ PRESIDENT'S MESSAGE 2018 ★

GREETINGS AND WELCOME TO VLA: REVOLUTION, THE 2018 ANNUAL CONFERENCE

You are going to enjoy this conference here at Williamsburg Lodge in Colonial Williamsburg, regarded as the world's largest living history museum. We hope that you will take advantage of the amenities of the lodge, visit the College of William & Mary, and explore the many historical offerings available, many of them in walking distance.

Your colleagues on the Conference Committee have worked hard to make your experience meaningful through a revolutionary selection of workshops, concurrent sessions, speakers, presentations, and special events that allow you to take charge of your professional path. The sessions are provided by our colleagues in academic, law, public, and special libraries who have committed themselves to teaching others what they have learned through experience, research, and those happy accidents that occur when a plan comes together. You will also enjoy opportunities for networking with dedicated professionals, trustees, and friends from around the Commonwealth.

The keynote speaker is Kwame Dawes, the author of twenty books of poetry and numerous other books of fiction, criticism, and essays.

Are you ready for Revolution? Dust off your tricorne hats — it's time for VLA 2018!

Todd Elliott, 2018 VLA President

TODD ELLIOTT

MESSAGE FROM CONFERENCE CHAIR

HELLO EVERYONE!

On behalf of the 2018 VLA Conference Committee, I want to thank you for your interest in the 2018 Conference in Colonial Williamsburg. This year's theme of "Revolution" is very appropriate, not only because of the location, but also because of how we approached conference planning.

A few of the things you may notice:

- strict session selection process to get as many "revolutionary" proposals as possible
- streamlining the registration process to include only two options (Advance Registration and Late Registration)
- simplifying the number of session categories; this encourages all potential registrants to view all of the sessions to make connections to their daily work and to determine the best sessions for them
- adding "workshops" that bridge two session slots to encourage a more in-depth, hands-on conference experience
- diversifying conference session types to address various learning styles

I ask that you take the time to really observe and immerse yourself in the conference experience. Also, please take time to share your thoughts about the conference on the evaluation and with members of the Conference Committee. We want to hear from you so that we can pass on the information for the 2019 VLA Conference in Norfolk.

Enjoy your time in Colonial Williamsburg, and I hope you are able to use the connections, education, and overall experience to transform your career, library, and community.

Thank you,

Clint Rudy, 2018 VLA Conference Chair

CITY OF BONES: THE ART OF EMPATHY

THURSDAY, SEPTEMBER 27

10:00 AM ~ 11:30 AM

COLONY ROOMS, MAIN LEVEL

In her recent poetry collection, *The Future Has an Appointment with the Dawn*, Ivorian poet, Tanella Boni writes:

*How to speak the beauty of the world
when life's hope
crumbles like yarrow
when death no longer presents an odor
of transformation in the fertile loam
where power blooms*

And in this is at once lamenting and asking a question—presenting a challenge. Kwame Dawes' work has always emerged out of this context, that his art has always been driven by a quest for beauty in the midst of relentless gloom, whether personal or public. With poems and meditations on the implications of these poems, Kwame Dawes will reveal the power of poetry, the power of creativity, and the power of empathy to allow us to speak of hope even as we speak the very difficulties (the fertile loam/where power blooms) that consume our world even as the poet forces us to remember again the odor of death.

Poetry, he will argue, is necessary in our times—in our constantly urgent times.

Kwame Dawes has authored 35 books of poetry, fiction, criticism, and essays, including, most recently, City of Bones: A Testament (Northwestern, 2017). Speak from Here to There (Peepal Tree Press), co-written with Australian poet John Kinsella, appeared in 2016. He is Glenna Luschei Editor of Prairie Schooner and Chancellor's Professor of English at the University of Nebraska. He is also a faculty member in the Pacific MFA Program. He is Director of the African Poetry Book Fund and Artistic Director of the Calabash International Literary Festival. Dawes is a Chancellor of the Academy of American Poets.

GRAPHIC NOVEL DIVERSITY AWARDS

2017 WINNERS

With 31 titles from 17 publishers in the Youth Division and 38 titles from 21 publishers in the Adult Division, there were so many incredible books which made the selection of a winner difficult. We wish we could recognize every entry if it were at all possible.

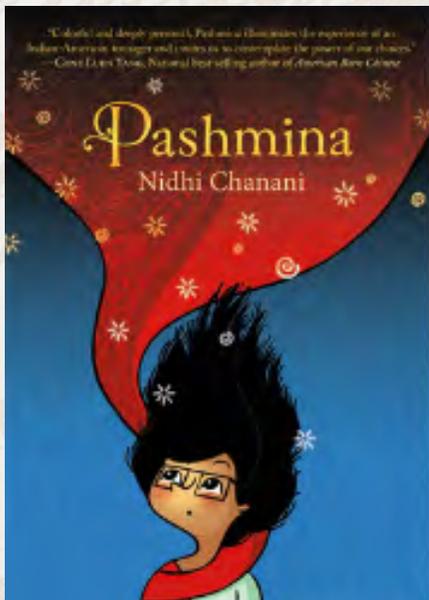

ADULT CATEGORY

Soviet Daughter: A Graphic Revolution by Julia Alekseyeva, illustrated by Julia Alekseyeva. Microcosm Publishing.

In *Soviet Daughter*, author and illustrator Julia Alekseyeva retells the life story of her great-grandmother Lola, a Ukrainian Jew and witness to the Bolshevik revolution, Stalin's reign, and the Holocaust. A strong-willed and remarkable character, Lola survives these hardships of war, fear, and poverty with fierce independence and wit. Through interludes between historical chapters, the author explores her loving relationship with her great-grandmother and draws comparisons between the challenges faced by her ancestors and those of the present day. A stunning work of oral history and an artistic triumph worthy of being shelved next to such graphic memoirs as *Maus*, *Fun Home*, and *Persepolis*, *Soviet Daughter* will introduce readers to a pair of truly iconoclastic Jewish women.

YOUTH CATEGORY

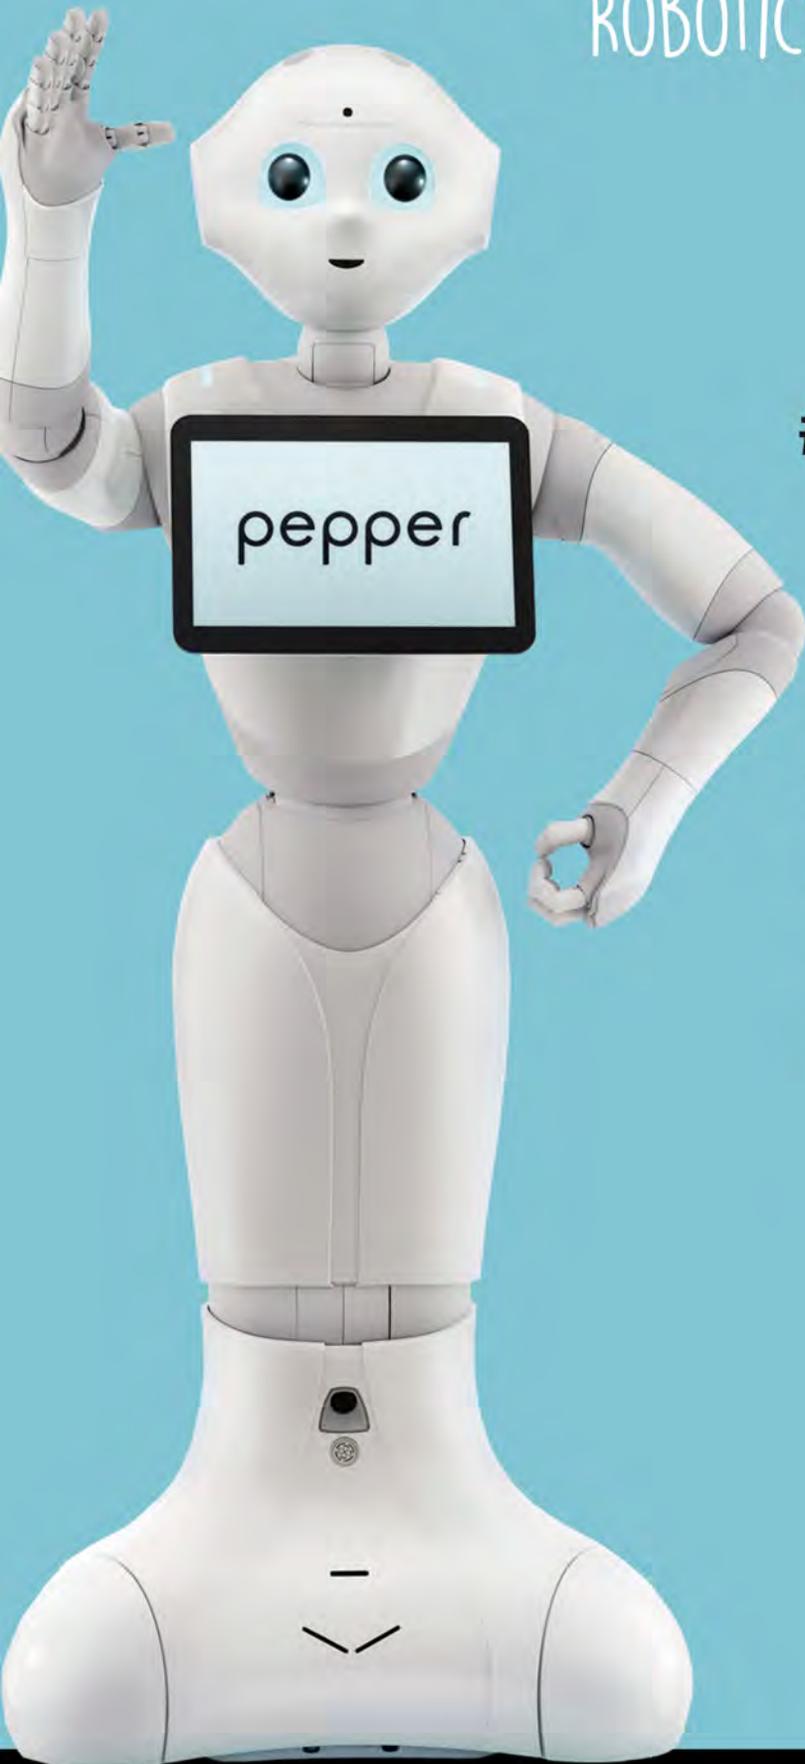

Pashmina by Nidhi Chanani, illustrated by Nidhi Chanani. First Second, Imprint of Macmillan Children's Publishing Group.

Our young protagonist, Priyanka, finds herself trapped between two worlds: that of the America she lives in and that of the India her mother left behind. Pri is bursting with questions about everything from her father, to her heritage, to her mother's past; however, her mother refuses to speak about these topics and more. As Pri struggles with her mother's silence and her own acrimony, she discovers a pashmina that, when worn, allows Pri to travel to the India she has always dreamed of knowing. Simple cartoon-style illustrations in black-and-white fill the book, but when Pri dons her pashmina the pages become filled with bright colors, differentiating the new setting in which the shawl enables her to step from drab, colorless reality. This book strikes the perfect balance between being fun and entertaining while also being culturally meaningful. This is a must-have for any juvenile graphic novel collection.

MARGARET J. BEATTIE

MARGARET J. BEATTIE

Hailing from Mobile, Alabama, Margaret J. Beattie was a newlywed fresh from college when she took on her first job at Central Rappahannock Regional Library (CRRL) in 1978 as a cataloger. Over her nearly 40-year career at CRRL, Margaret would work as a cataloger, head of the library's juvenile department, and branch manager of the Headquarters facility, a position from which she would retire. She received her MLIS from Catholic University.

Along with paraprofessional coworker Lee Adams, in 1979 Margaret was a brainchild behind the development of the Paraprofessional Forum in the Virginia Library Association, now known as the Professional Associates Forum.

To her coworkers, Margaret was an indomitable spirit. She mentored younger employees and made certain they were given every opportunity to hone their own skills. Even employees who didn't work directly with or for Margaret considered her to be an indispensable asset as she was quick to help in any situation and could be counted on to find a solution to nearly any problem. If Margaret's years at CRRL could be easily summed up in a single phrase, it would simply be "she was committed to lifelong learning and building community." She has left an indelible mark on Central Rappahannock Regional Library.

Margaret raised her three children in the bosom of the library family, and now has three grandchildren to adore in retirement.

★ 2018 SCHOLARSHIP WINNERS ★

VLA PROFESSIONAL ASSOCIATES CLARA M. STANLEY SCHOLARSHIP

The 2018 recipient of the VLAPF Clara Stanley Scholarship is **Melinda Manuel** from Roanoke County, VA. Melinda works for the Mt. Pleasant Branch of the Roanoke County Public Library System. She says, “My desire to create new library users while serving the current patron base inspires me to continually learn about what is working in other systems, as well as to try big ideas and explore groundbreaking programs. I have a reputation of being enthusiastic, determined, and competitive, and these traits will allow me to effectively lead in this industry, which is transforming as technology and other factors necessitate a shift in services in order to stay relevant.” Melinda joined VLA in 2018. She is obtaining her MLIS degree from the University of South Florida and will graduate in Spring of 2019.

MELINDA MANUEL

VLA SCHOLARSHIPS

The 2018 recipients of the two VLA Scholarships are Chelsea Seddon and Bonnie Shaw.

Chelsea Seddon has worked with the Roanoke Public Library System in Roanoke, VA since 2016. On her own professional growth, she says, “I have challenged myself by applying for and receiving a more advanced position, attending optional trainings in areas outside of my direct duties, and pursuing cross-training in other departments of my organization. I collaborated with members of my organization, as well as those of its governing body, as I assisted in bringing a branch renovation to fruition this past year. This experience, as well as working on smaller work teams to plan events and being a part of a small branch staff, have shown me how essential collaboration and teamwork are in the field of librarianship.” She has been an active member in VLA since 2016 and is currently Secretary/Treasurer for the New Members Round Table. Chelsea is earning her MSIS degree from the University of Tennessee and expects to graduate in December 2018.

CHELSEA SEDDON

Originally from Chicago, **Bonnie Shaw** lives in Suffolk, VA and works as a Cataloging Assistant at the Earl Gregg Swem Library at the College of William & Mary. On her future plans she says, “I hope that when I am done with my Masters in the Spring of 2020 that I am able to work at a library, whether public or academic, as Cataloging Librarian in Virginia...I feel with my 7 years of library experience and more than 20 years of customer service experience, I will be a highly marketable library employee once I graduate.” Bonnie has been an active member of VLA since 2015 and will begin working on her MLIS from the University of Alabama in summer 2018.

FRIENDS OF THE LIBRARY AWARD: FRIENDS OF THE NORFOLK PUBLIC LIBRARY

Since 1956, the Friends of the Norfolk Public Library (FNPL) and its 200+ members provide financial and manpower resources for the Norfolk Public Library's summer reading program, multicultural programming, community outreach, staff training and special project use. Each year, FNPL hosts a signature Books & Brew (and Vino Too!) event which combines sponsors, ticket holders and a book sale in one grand sold-out soirée hosted at NPL's Slover Library. Membership donations, gifts in honor to the Book Review Contest, memorial and foundation gifts combine with the B&B event to allow FNPL to give an average of \$45,000 annually for NPL use. FNPL volunteers offer an annual 1650 student Book Review Contest, a Tales to Tails reading therapy program, Author Talks, and public advocacy with city, state and federal legislatures. Most recently, FNPL initiated a Norfolk Little Free Library initiative, placing 20 book exchanges in neighborhoods across the city. In Fall 2018, 18 additional book exchanges will be donated to laundromats, coffee shops and community centers. This project is a cooperative effort by FNPL, the Norfolk's Neighborhood Engagement Office, General Services Department, Norfolk Public Library, the *Virginian-Pilot* area businesses, and a private donation and a matching gift provided the project's seed money.

TRUSTEE LIBRARY AWARD: CHARLES FEGAN

Charles Fegan of Annandale, VA, served on the Fairfax County Public Library Board of Trustees for 25 years before retiring in late 2017. During his tenure on the board, 1992-2017, he served as the Board Chair multiple times. There was great change in libraries over the years, and Fegan oversaw the modernization of the Fairfax County Public Library, including the introduction of self-check machines and the automation of other library transaction; the advent of eBooks; the growth of online catalog searches via the internet; the renovation of multiple library branches; and the building of two new libraries in Fairfax County. He also led the Trustees through some controversial issues including reduced library budgets during downturns in the economy, viral (but not factual) stories that the library was removing classics from its collections, and a community confrontation in the early 90's about the presence of a newspaper for the LGBTQ community in the library.

Fegan has been a tireless advocate for the needs of the community and the requirement of a strong library as a community building block. In addition to serving on the Library Board, Fegan is active in many other community enterprises including the Special Olympics, National Industries for the Blind, Mayor's Committee for Persons with Disabilities, Oakhill Civic Association, Harbour Lions Club and the Kiwanis Club. At 90, Fegan is retired from the workforce but during his career served as the President of the Columbia Lighthouse for the Blind, as administrator for the Community Group Health Foundation, the Executive Director of Change Inc. and a Catholic priest with the Archdiocese of Philadelphia. Fegan also served in the Navy during World War II, 1945-1946.

Challenging the "Good Fit" Narrative

When libraries are in the process of hiring for a position, we often talk about wanting to find a candidate who is a "good fit." What do we really mean when we say "good fit" and how can hiring people who are just like us lead to stagnant libraries where everyone thinks the same and, well, looks the same? My talk will take the narrative of the "good fit" to task and suggest alternative ways of thinking about candidates during the hiring process in an effort to build truly inclusive libraries.

Engaging With Museums and Teachers Through Virginia History Day

Virginia History Day is an annual competition that works with schools throughout the Commonwealth to encourage middle and high school students to create projects related to a theme from American History. Libraries and museums both have a role to play. Come to this session to hear about History Day, its themes and how museums and libraries can build on the day and extend the discussion of American history beyond the competition. Part of the session will be a brainstorming activity about how best to utilize the tools and resources provided by the History Day organization (especially related to 2019’s theme, Triumph & Tragedy in History) to incorporate history into your library and its existing programming.

Poses with Picture Books

Poses with Picture Books incorporates yoga into storytime. It is the “Play” in Every Child Ready to Read as we retell the story with yoga poses that relate to the story; the children become the scenery and the characters. It engages children with books and literacy and provides grounding and mindfulness into their life. The program was developed as an outreach to an elementary school and was created with a special education teacher and school counselor to help students with anxiety issues but could be adapted for in-house programming or for outreach groups. The program seeks out books to empower children so they do not feel isolated with their feelings.
