Greetings, VLA Conference Poster Presenters!

I am writing to fill you in on the details for the poster session at the VLA Conference.

Specifications:

We are providing 4' X 8' double-sided boards for your use, on which you can Velcro or pin your posters. You will be sharing one side with another poster presenter. The *maximum* size of your poster is, thus, 4 feet by 4 feet, though I would recommend making it a little narrower, so you can stand to the side of your poster and not block it.

We will provide push pins, though we cannot guarantee what color they will be. If you prefer something else to hang your poster, you are welcome to bring it.

Session Details:

This is the second year that we have had a combined poster session for VLA and VLACRL and we are excited to have 17 posters representing all parts of librarianship and a wide range of topics

If you are able, please hang your poster Thursday morning after the ribbon cutting. This will let folks view your posters all day, and come back for questions if they wish.

The poster session is from 3:15-4 PM on Thursday, September 27

Helpful Tips:

Last year we held two webinars on best practices for conference posters. If you are a first-time poster presenter, or would like a refresher, the recordings are linked below.

General presenter information and conference information is posted to our [Conference Website](#). Please let me know if you have any questions.

We look forward to seeing you and your fabulous poster in Williamsburg!

Got it, thanks!

Thank you!
