Literacy and Sustainability
in Virginia's Libraries

welcome

Welcome to the Virginia Library Association Annual Conference for 2011: "Nature is a Language, Can you Read? Literacy and Sustainability in Virginia's Libraries."

This year's theme reflects two current concerns in our community: the desire and necessity for carrying out our work (and indeed our lives) in an environmentally sensitive and positive way, as well as the library community's ongoing commitment to spreading and maintaining literacy throughout the Commonwealth.

Secondly, welcome to Portsmouth! Portsmouth is a historic waterfront city with a charming and very walkable old town, many interesting restaurants, and easy access by ferry to the nightlife and bustling downtown of Norfolk. I hope you enjoy your stay here, find some time to explore and to unwind. If you have any questions about what to see or do, feel free to ask our local volunteers or members of the Conference Committee. And don't forget that conference attendees receive free admission to the Lightship and Naval Shipyard Museums, and a \$5.00 discount to the Children's Museum of Virginia, for the days and the weekend of the conference (October 27–30, 2011).

The 2011 Conference Committee have worked diligently to bring you what we think is the Best Conference Ever (well, at least the best so far?). We welcome keynote speakers Rebecca Kamen and Steve Almond. Rebecca is a sculptor and faculty member at Northern Virginia Community College, and has been inspired by books and libraries throughout her creative career. She will also be conducting a concurrent session on the role of art in libraries. Steve Almond is a well-known author of such books as *Candyfreak: A Journey Through the Chocolate Underbelly of America* and *Rock and Roll Will Save Your Life: A Book by and for the Fanatics Among Us (With Bitchin' Soundtrack)*. Steve's new book *God Bless America: Stories* will just have been published in time for our conference. Copies will

be available for purchase in the Exhibit hall — buy your own copy here first!

We are pleased to welcome our conference partners the Virginia

Association of Law Librarians. VALL officers contributed significantly to the conference planning and to presenting concurrent sessions. It's a privilege to welcome the law librarians to Portsmouth and a great pleasure to collaborate with them on making this conference happen.

Once again this year the Academic Library Forum (VLACRL) is conducting a "conference within a conference" with a track of sessions of particular interest to academic librarians — but please note that you don't have to be an academic librarian to attend them!

I am confident that you will find a wide range of compelling, engaging, and educational opportunities at this year's conference, as well as occasions for networking, making new friends — and of course relaxing. Be sure to stop by the conference Social on Thursday evening where we will rock the library world with top-quality karaoke.

Finally a word about sponsorship. I would like to thank all of our sponsors, especially the library Friends groups who contributed financially to this conference. I would also encourage you to pay a visit to our Exhibit Hall and chat with our vendors.

VLA is one of the relatively few state library associations to present not one but two annual conferences (the Paraprofessional Forum mounts a conference in the spring). I'm pleased that you could be here for the 2011 Annual Conference — whether you have served in some capacity in planning for the conference, or are helping out to make sure everything goes smoothly, or if you are presenting, or if you are attending for the very first time, or if you are attending for the 20th time, the success of this conference is mainly down to you. Thank you.

welcome

The Virginia Association of Law Libraries (VALL) is

committed to developing and increasing the usefulness and efficiency of law libraries, promoting librarianship and fostering a spirit of cooperation among members of the profession.

VALL, a state chapter of the American Association of Law Libraries, is the only state-wide association dedicated to the unique needs and interests of law librarians and law librarianship.

We are very pleased to partner with the Virginia Library Association at the 2011 Annual Conference. VALL members are presenting several programs at the Conference from which librarians in any setting could benefit, from copyright issues to basic legal research and resources, to developing a core legal resource collection in your library.

If you would like to learn more about VALL or are interested in joining, please visit our Wiki at <http://vall.pbworks.com> and our blog at <http://valltalk.blogspot.com>.

Thursday Keynote, 10:00 am

HOLLEY BALLROOM I-VII (1st Floor)

Rebecca Kamen's work explores the nexus of art and science, informed by wide ranging research into cosmology, spirituality, philosophy and science. She has also investigated rare books and manuscripts at the libraries of the American Philosophical Society and the Chemical Heritage Foundation, utilizing these scientific collections as a *muse* in the creation of her work.

Ms. Kamen has exhibited and lectured about her work both nationally and internationally in China, Hong Kong, and Egypt. She has been the recipient of a Virginia Museum of Fine Arts Professional Fellowship, a Pollack Krasner Foundation Fellowship, a Strauss Fellowship, three VCCS Professional Development Grants, and a Travel Grant from the Chemical Heritage Foundation. In 2001, Ms. Kamen was awarded a President's Sabbatical Award from Northern Virginia Community College where she has been a Professor of Art since 1978. She is the recipient of the Chancellors Commonwealth Professorship for 2011–2013, to further develop her work bridging art and science. Ms. Kamen's work is represented in many private and public collections such as KPMG Peat Martwick Corporation, Gannett Corporation, IBM, Capital One and the Institute for Defense Analysis.

Friday Keynote, 9:00 am

HOLLEY BALLROOM I-VII (1st Floor)

Steve Almond is the author of the story collections *My Life in Heavy Metal* and *The Evil B.B. Chow*, the novel *Which Brings Me to You* (with Julianna Baggott), and the non-fiction books *Candyfreak* and *(Not That You Asked)* and *Rock and Roll Will Save Your Life*. Lookout Press has just published his new story collection, *God Bless America*.

Almond's stories have been anthologized in the Best American Short Stories and the Pushcart Prize. He writes for various publications, including *The Los Angeles Times*, the *Boston Globe*, *GQ*, *The Believer*, and *Salon.com*.

He is also, crazily, self-publishing books. *This Won't Take But a Minute*, *Honey*, is composed of 30 very brief stories and 30 very brief essays on the psychology and practice of writing. *Letters from People Who Hate Me* and *Bad Poetry* are exactly what they sound like. Both are available at readings.

Jefferson Cup Luncheon Friday 12:30 pm

HOLLEY BALLROOM IV (1st Floor)

Calvin Alexander Ramsey, Atlanta-based playwright, photographer, and folk art painter, grew up in Baltimore, Maryland, and Roxboro, North Carolina.

In addition to having been a year-round resident of Martha's Vineyard, Calvin has a passion for travel and has lived in New York City; Santa Monica, California; Chapel Hill, North Carolina; and the U.S. Virgin Islands of St. Croix and St. John. He is a former Advisory Board Member of the Robert Woodruff Library Special Collections at Emory University in Atlanta. He is also a recipient of the Martin Luther King, Jr. Drum Major for Justice Award.

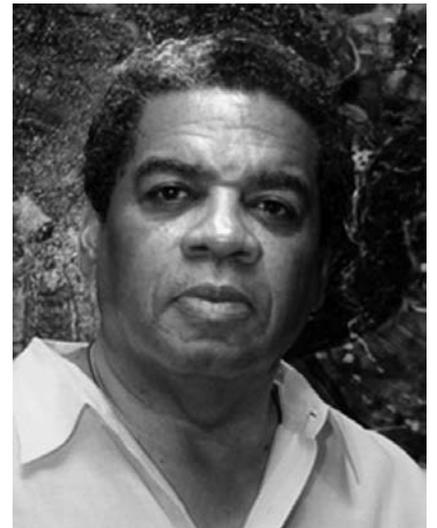

"Working on Emory's advisory board opened that world up to me," he said. "There is a treasure chest of materials to discover."

He has been to special collections at Atlanta universities to read copies of *The Green Book*, a Jim Crow-era travel guide for black motorists. He's traveled to Yale to hear the Fortunoff audio recordings of Holocaust survivors and to Georgia State University to dig up lesser-known facts about Johnny Mercer.

From there, he's written "The Green Book," a play currently running at Theatrical Outfit that dramatizes unusual scenes of segregation and the intersection of African-American and Jewish culture.

"Bricktop" is a musical about Ada Bricktop Smith, who Ramsey discovered when he found letters from Cole Porter to Smith in an archives. He is also the author of several other plays, musicals and the children's books *Ruth* and *The Green Book* and the newly released *Belle, The Last Mule at Gee's Bend*.

He is the father of three children, all of whom are writers.

FRIENDS OF THE LIBRARY AWARDS

Nottoway County Public Library Blackstone Friends and Crewe Friends

As a small rural library system, the Nottoway County Public Library has recently faced numerous challenges. Although lack of funding is an ongoing problem for most public library systems, limited funds coupled with few staff and the departure of the library system director challenged the Nottoway County Public Library. Additionally both the Blackstone Library and the Crewe Library facilities were in need of renovation. Fortunately both the Blackstone and Crewe libraries had active Friends groups willing and eager to help. In addition to providing funds for the renovation projects, the Friends groups collaborated with the County Library Administration to advocate for help with the projects.

Although the Blackstone and Crewe libraries projects are different, collaboration was needed to gain support from Nottoway County officials. The Blackstone Library project was led by Grace McDonald. The project committee selected paint colors, new carpet, and created new signage as needed and requested. In addition to the renovation, volunteers also assisted with the collection analysis project (aka weeding) recording information on selected items in preparation for library staff to delete records from the catalog.

The Crewe library is preparing for similar projects. Members of the Crewe Friends have eagerly supplied funds to support library projects and a willingness to advocate for local government support and to serve on renovation planning committees. Celia Orr-Elzay has been the “wind beneath the wings” for the Crewe library project challenging members of the Friends to take on major projects in collaboration with the Library Administration.

In his nomination, Chuck Koutnik, consultant to the Nottoway County Public Library, stated that both groups have provided enthusiastic and willing support during the transition. “By unwritten agreement, the groups have taken responsibility for the physical upkeep of the library facilities.” Bev Boyko and Sally Mayton, current presidents of the Friends groups, have established an atmosphere of collaboration between the groups and with the library administration to support the Nottoway County Public Library.

For their dedicated support of the Blackstone Library, VLA is pleased to present the 2011 Friends of the Library Award to the Friends of the Blackstone Library.

For their dedicated support of the Crewe Library, VLA is pleased to present the 2011 Friends of the Library Award to the Friends of the Crewe Library.

Staunton Public Library

Established in 1958, the Friends of the Staunton Library have supported the library for 53 years, “providing advocacy, volunteers, staff appreciation, programs, promotion and funding.” In the early years funds purchased chairs and tables for the children’s area, an atlas stand (crafted by a local artisan and still in use), an outside book drop, and newspaper microfilm. Funds were also made available to professionally clean and conserve a map dated 1970 and to support a library expansion project.

In 1991, the Staunton Public Library began a capital campaign for a new library home and the Friends group readily agreed to help with fundraising. During the campaign, the Friends “curtailed their membership so as not to confuse the public.” As a consequence membership dwindled and the group had little money. Rather than let the Friends “fade away” for lack of interest, new leadership and new members re-energized the group.

Since 1994, the Friends have supported Children’s services by providing funds for the “*Five Year Old Program*, which celebrates a child’s first library card with a book of their own and their picture on a bulletin board.” Early Literacy Centers for the children’s room have been purchased and the budgets for children’s and teen materials have received supplemental funds. The Friends also support the Talking Book Center which provide recorded books for the blind and physically handicapped. Additionally,

the Friends have partnered with a local Domino’s Pizza to provide pizza for the monthly *A Little Lunch Music* programs and to provide a small honorarium for performers.

In celebration of the 125th anniversary of the Staunton Public Library, the Friends supported the publication of *Books Bring Adventure: The History of the Staunton Public Library* by Katharine Brown. The Friends received a Virginia Local History Award by the Virginia Center for the Book (Library of Virginia).

Recognizing the need for more public access computers, the group budgeted \$10,000 to purchase upgraded computers. These funds were used as the Library’s match for a Bill and Melinda Gates Foundation Online Opportunity Hardware Grant. With these combined funds, the library was able to increase the number of public access computers from six to ten and to reduce the amount of time library and city staff devoted to maintenance. This project received the Governor’s Technology Award for Innovation in Local Government in 2010.

Since 1994 the Friends have rebuilt themselves into an active successful organization. Creative fundraising provides funds to generously support the library and numerous volunteer hours enhance the services and programs of the library.

For their dedicated support of the Staunton Public Library, VLA is pleased to present the 2011 Friends of the Library Award to the Friends of the Staunton Public Library.

VLA TRUSTEE LIBRARY AWARDS

Betty Hamilton

As president of the Nottoway County Public Library Board, Betty Hamilton faced numerous challenges during her tenure. Not only was the Library Board faced with dwindling financial resources due to budget cuts, but they also faced dwindling human resources with the departure of the library's director. Although the library had several part-time employees there was no one with a Masters in Library Science to temporarily fill in as Library Director. Ms Hamilton believes in Nottoway County's three branch system and considers each branch as vital to the communities they serve. Calling on her experience as a bank administrator, Betty took on the responsibilities of library director. She "laid out a plan of action: keep the library doors open; make sure the part-time employees were paid; learn as much as one can by reading library documents; and contact the Library of Virginia and County officials as often as necessary" for guidance. Betty was not shy about asking questions and seeking solutions to the challenges faced by the Nottoway Public Library system.

As interim director of the library system, Chuck Koutnik continues to work closely with Betty who now only wears one hat — President of the Library Board. He noted that her dedication to the library and her "go to attitude" make it a joy to work in a "rural area where the public library system is so important to the community that people like Betty would not let it die."

For her dedication to public libraries and leadership in the midst of numerous challenges faced by the Nottoway County Public Library system, VLA is pleased to present the 2011 Trustee Library Award to Betty Hamilton.

Karen Montgomery

As a member of the Library Board for the past eight years, Karen Montgomery is an enthusiastic spokesperson for libraries believing in the value and importance of libraries to the communities they serve. “Ms Montgomery’s recent stewardship of the Gum Spring Library project is a shining example of the skills that she has brought to bear in improving the quality of life in Loudoun County. During all phases of the project she has communicated the importance of a strong public library system and has generated the public support needed to build the Gum Spring Library.” From raising public support for the 40,000 square foot library, to “directing a multifaceted campaign to gain support for the bond that would finance the project” and despite delays in groundbreaking and construction Karen has not lost sight of the dream. She founded the Friends of the Gum Spring Library and the group continues to gather support for the library through outreach activities such as the Gum Spring Library Walk,

book sales, silent auctions, a dedicated web site, and monthly story times at the Public Safety Center.

In November 2009, the first steps were taken to fulfill the dream. Ground was broken for the building that will house the Gum Spring Library (a multi-use building built by a public/private partnership with Van Metre Homes, developer of the Stone Ridge communities and Loudoun County). There is still work to be done as Ms Montgomery and the Board of Trustees lobby the Loudoun Board of Supervisors for the funds to staff and support the library. At the end of the FY2012 budget year hiring a core staff will occur and hopefully the FY2013 county budget will include the necessary funds to open the doors of the Gum Spring Library to the public.

For her dedication and continued support to the Gum Spring Library project, VLA is pleased to present the 2011 Trustee Library Award to Karen Montgomery.

GEORGE MASON AWARD

Linda Hahne

As Executive Director of the Virginia Library Association from 1997 until her retirement in 2010, Linda Hahne has been “the efficient, friendly face of the Association” for its members and its supporters. She has worked tirelessly to strengthen the financial status of the association by recommending simple accounting changes, proposing balanced annual budgets, maintaining detailed financial records, and investing savings to support future activities of the Association. Reports to the Executive Committee were succinct, providing information needed to make sound decisions to strengthen and move the Association forward. Additionally, Linda designed and implemented an association management system to provide timely communication to VLA members. During her tenure as Executive Director, Linda helped move the Association into the digital age with the launch of the VLA website, electronic payment of dues as well as electronic submissions for conference sessions and conference registration.

Illustrating her commitment to VLA, Linda announced her intention to retire well in advance, giving the Executive Committee ample time to interview and select a new Executive Director. She worked closely with Lisa Varga, new Executive Director, over several months to facilitate a smooth transition.

Selected quotes from letters of support convey the esteem that VLA holds for Linda.

“For the many years that she served as the VLA Executive Director, she has exemplified effective behind-the-scenes oversight and attention to detail that enabled the Association to thrive and grow. Everything that Linda accomplished for VLA helped librarians and library staff provide the highest level of service to their constituents.”

“Although I will always be grateful for her professionalism and expertise, it is her warm and welcoming presence that I will always remember. She worked capably and with good humor with an ever-changing cast of Executive Committee members.”

“She turned a financially strapped professional association into a stable organization that has weathered some very difficult years with grace and dignity. She has spared no effort to promote libraries and their mission in Virginia, and her persistent integrity and professionalism has made VLA one of the most respected professional associations in the Old Dominion.”

“Linda ensures the smooth running of not one but two conferences each year, working with the Paraprofessional Forum as well as the Annual Conference Committee to produce successful and productive conferences.”

“Linda was always courteous, friendly, and responsive to queries and concerns of members and non-members alike. For many years, Linda was both the public face of VLA as well as the calm presence behind the scenes making sure that everything came off without a hitch.”

In recognition of her dedication to the Virginia Library Association, the Association is pleased to present the 2011 George Mason Award to Linda Hahne.

LIFE MEMBERSHIP

Carolyn Barkley

Carolyn Barkley has been an active member of VLA for more than 25 years. She has served the Association in numerous capacities including chair of several committees (membership and continuing education). She was also chair of the Local History, Genealogy, and Oral History Forum for several years and in that capacity organized programs locally and statewide for those interested in genealogical research. Additionally, she has served as chair of two conference planning committees. Carolyn continues to be an active supporter of VLA conferences often working quietly behind the scenes assisting with last minute details.

Carolyn served as a member of the VLA Executive Committee as President-elect (1999), President (2000), and Past-President (2001). During her tenure as President, she worked closely with VLA officers and members of Council to strengthen VLA and to encourage active participation in the association by the membership. Carolyn was a key member of the committee that initiated the creation of the VLA Foundation and served actively on the Foundation Board for several years.

Although Carolyn retired from the Virginia Beach Public Library system in 2006, she continues to be active in genealogical research, support of libraries, and the Virginia Library Association.

For her past and continuing service to the libraries of the Commonwealth and to the Virginia Library Association, Carolyn Barkley has been granted Honorary Life Membership.

SCHOLARSHIPS

VLA Paraprofessional Clara Stanley Scholarship

The 2011 recipient of the VLAPF Clara Stanley Scholarship is Andi Ogier from Blacksburg, VA. Currently, Andi works as the Serials Continuations Specialist at the Newman Library of Virginia Tech. Andi has been active in VLA since 2010, and will present a session at the May 2011 Paraprofessional Conference. For her future goals, Andi wishes to continue in e-resource provision and data curation. She is obtaining her MLIS degree from the University of Illinois at Urbana-Champaign.

VLA Scholarship

The 2011 recipient of the VLA Scholarship is Kimberly Rose of Haysi, VA. She has been employed as a Library Assistant at the Lonesome Pine Regional Library since 1997. Kimberley's goal in obtaining a graduate degree is to move into library administration and explains that, "there is a lot of talk about libraries becoming irrelevant. I believe this is a false notion, and I see the proof of it everyday as I strive to satisfy the diverse needs and wants of the public." She has been active in VLA since 2011. Kimberley is earning her MSLIS degree from Clarion University of Pennsylvania.

Buckingham County Friends of the Library Memorial Scholarship

The 2011 recipient of this new scholarship is Hayley Tompkins of Palmyra, VA. She is a part-time Library Shelver at the Northside branch of the Jefferson-Madison Regional Library and the part-time Archive Specialist with the Fluvanna County Historical Society. She has been a member of VLA since 2010. Exhibiting her love of history and desire to work in reference and archives, Hayley volunteered at the Historical Society in 2007, followed by an internship and, later, a part-time position. She explains her decision to enter the field of librarianship by stating, "the library science field encompasses everything that I love — knowledge, books, information, and history — into one, which means that it's always interesting to me, and it allows so much room for growth." Hayley is earning her MLS degree from the University of North Texas.

PRIVATE SCREENINGS: USING SHORT, INDIVIDUALIZED SCREENCASTS AS A LIBRARY INSTRUCTION MODALITY FOR OFF-CAMPUS STUDENTS

Even with the inherent difficulties presented by the digital environment, the traditional reference interview remains the primary method for understanding individual student information needs. This presentation examines strategies for ascertaining the remote student's baseline level of information literacy and creating short, customized tutorials appropriately geared to their personal needs. Software

and hardware selection, file storage and remote access will be discussed. A method to solicit feedback for point-of-use student satisfaction will also be explained. The major purpose of this talk is to encourage academic librarians to harness the visual power of short screencasts as an alternative to potentially confusing text or chat-based guidance when working online.

WHERE IS THE “COMMONS” IN LEARNING COMMONS?

The Learning Commons service model has been implemented in a variety of academic libraries over the last ten years. Discussion with professionals involved in the model suggest that while the structure is easy enough to implement, that we are all struggling with the same issues. There is no clearly accepted standard for a Learning Commons. Are we establishing Learning Commons, Information Commons, or are we simply creating a mechanism to get students to come into the library? Is a Learning Commons model a viable model for teaching and learning?

Does the tiered service model better serve the user or was the traditional reference model actually more effective? In spite of these questions, how do we structure the Library or Learning Commons to support education and to engage intellectual curiosity?

GIVING VOICE TO VALUES: IMPROVING ORGANIZATIONAL CLIMATE AND CULTURE

Over the past few years George Mason's University Libraries have tried to identify and assess the nature of its organization. In 2009, GMU participated in ARL's ClimateQUAL survey, which was followed by an Appreciative Inquiry (AI) study in 2010–2011. ClimateQUAL is primarily focused on assessing organizational

climate while AI is a method for identifying the core values and desired futures of an organization. These efforts have resulted in the development of tools (e.g., improved resource-sharing intranet and decision-making matrix) and further activities to define the organization's vision and values from the perspective of the staff. This session will compare the assessment studies and provide examples of tangible responses to the lessons learned.

CREATIVE

<http://creative-va.com/>

Developing work environments and technology separately, without a thought as to how one will work with the other, is a recipe for failure. Unfortunately, too many businesses and universities are still using that recipe today. THAT'S WHY CREATIVE IS DIFFERENT. At Creative, we have developed superior expertise in four primary areas: business furnishings; collaborative technology; flooring systems and wall systems. Instead of bracing against them, we've harnessed the forces creating the tsunami of change and have the result to prove it. The future of work is here — and it's Creative.
