

Little Free Libraries

For the People, By the People

4 Steps of Implementation:

MAPPING

CONSTRUCTION

INSTALLATION

MAINTENANCE

Overview

Suffolk Public Library placed four Little Free Libraries around our community to increase access to materials and raise awareness of library services.

About Suffolk

With a population of 89,273 and a total area of 429 square miles, Suffolk is the largest city by land area in Virginia. That's a lot of ground to cover! With just three locations and one Library2Go vehicle, we do what we can to serve as much of Suffolk as possible.

Community Involvement

Get them involved in every step of the process!

- Ask for input when mapping the locations.
- Partner with local schools or technical centers to have students design, build, and paint the structures.
- Reach out to organizations like Habitat for Humanity or a local lumber company to ask for recycled building materials.
- Ask park staff, neighborhood associations, clubs, or churches for installation help.
- Recruit volunteers to take care of maintenance.

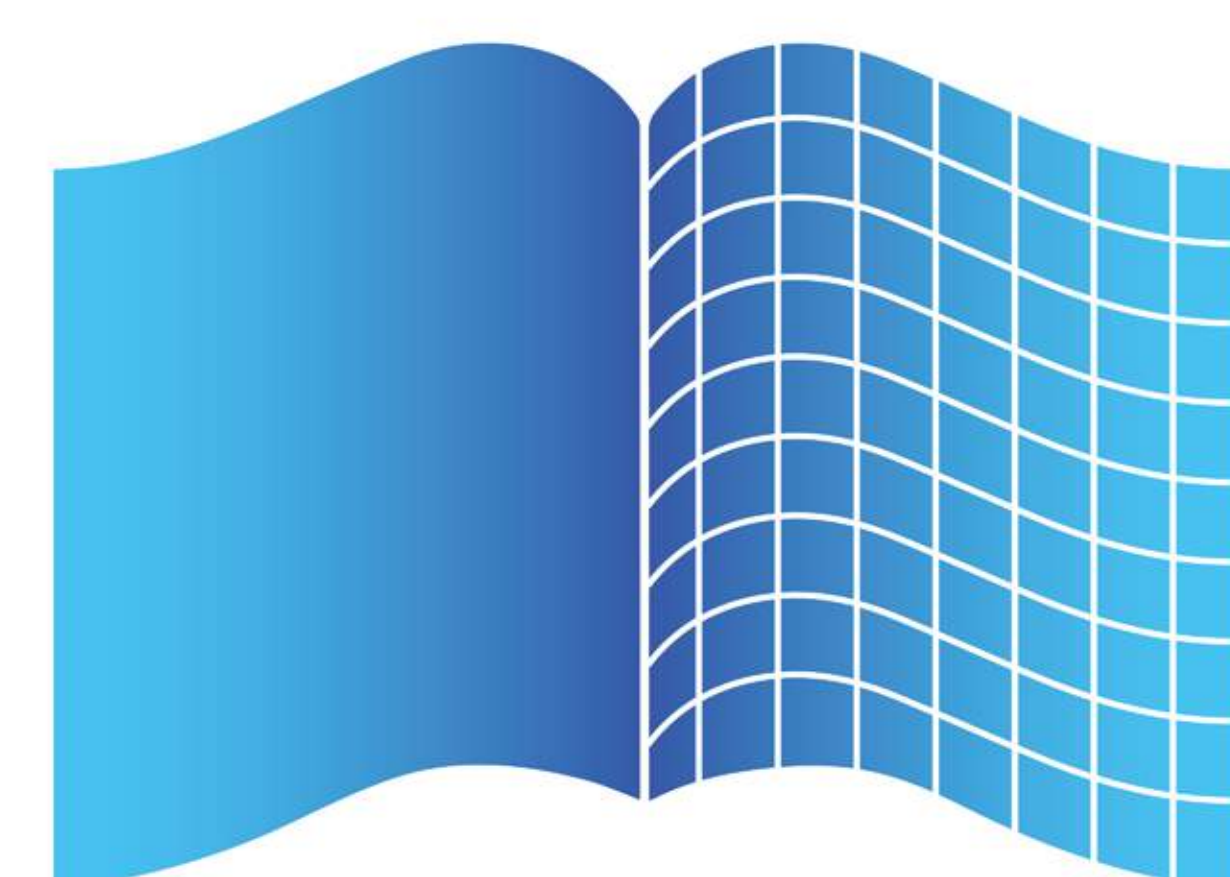

Generating EXCITEMENT!

- Social Media Teasers
- Press Release
- Ribbon-Cutting Ceremony
